

**IEEE****iCBBE*****Call for Papers***

# The Special Session on Biomathematics and Biostatistics

June 18-20, 2010      Chengdu, China

The 4th International Conference on Bioinformatics and Biomedical Engineering (iCBBE 2010) will be held from June 18th to 20th, 2010 in Chengdu, China. Within iCBBE2010, the special session, Biomathematics and Biostatistics, invites you to submit papers in all areas of the Biomathematics and Biostatistics. *As we did in the past three years, all accepted papers in this special session will be indexed by Ei Compendex and ISTP.*

## § TOPICS

- ◆ Accelerated Life Models
- ◆ Analysis of Quality of Life
- ◆ Applications of Biomathematics in Biology
- ◆ Generalizations of The Cox Regression Model
- ◆ Models and Methods in Longevity and Aging
- ◆ Models and Methods in Survival Analysis
- ◆ Modeling Cell and Molecular Biology
- ◆ Models in Biosciences and Medicine
- ◆ Modeling Physiological Systems
- ◆ New Stochastic Models in Biology
- ◆ Population Dynamics
- ◆ Semi-Markov Processes with Applications
- ◆ Semi-parametric Inference in Survival Analysis
- ◆ Statistical Models and Methods in Biology
- ◆ Statistical Models and Methods in Reliability

## § IMPORTANT DATES

- ◆ Papers Due:                      Dec. 10, 2009
- ◆ Acceptance Notification:      Dec. 31, 2009
- ◆ Conference:                      Jun. 18-20, 2010
